

Stay Safe and Get Medical Care in the Comfort of Your Home

Preferred Primary Care Physicians is Accepting New Patients

If you need medical help during this time, call our offices today.

Whether you are a new or existing patient of Preferred Primary Care Physicians, we are committed to you and your health; it is very important at this time to limit your potential for exposure and maintain your routine visits with your physician. That's why we're encouraging our Medicare patients to explore telehealth and connect with their physician from the comfort and safety of your home.

All you need is a **smartphone, tablet or computer** with a camera, you can call our offices and we will get you set up to be seen for a wide variety of newly developed conditions, help managing your medications and follow up on previous visits to manage any chronic health challenges you may be facing.

The Steps are as Easy as 1-2-3

- 1** Call your doctor's office first. You will find a list of the locations and office numbers on the back of this document.
- 2** Get set up in your physician's health portal over the phone.
- 3** Receive a link to have an easy televisit.

Make Your Televisit a Success

- Conduct the visit in a location with a high-speed internet connection
- Check your Settings to ensure you are on Wi-Fi and not using your cellular network device
- Select a room that is private and free of distraction and noise
- Gather all your medications and healthcare providers and suppliers and have them handy
- Complete any online paperwork in advance of your visit
- Weigh yourself and write down your weight
- If you have an at-home blood pressure monitor, take your blood pressure and write it down
- Write down any questions you may have for the doctor
- Set up your device so the camera is at eye level
- Test your microphone and speaker
- Check in by logging on 5 minutes before your scheduled visit
- Enjoy this easy and convenient visit with your doctor!

Please stay safe and remain healthy by using these practices. We recommend that you do not delay, but call our office today. Getting set up in advance for a televisit will ensure you have what you need as medical conditions arise.
